MESSAGE

Dear Examiner Yigdall,

During our meeting this coming Wednesday (April 14) I would like to discuss the following topics:

- 1.) A brief overview of the invention we are trying to claim,
- 2.) The reference Imamatsu appears to teach away from storing update files in re-writable volatile memory at column 6, line 64 to column 7, line 5, and
- 3.) Imamatsu also appears to teach away from combination with Winters for the same reason as above.

At this point, we are unsure as to how to amend the claims. I hope our discussion will shed light on which features, if incorporated into the claims, would best further prosecution.

Please let me know if you have any questions.

Best regards,

Aldo Martinez
